For those being dropped off by car or taxi – there is a 5 minute drop off bay located directly in front of the Grafton Campus buildings.

## Parking options

There are very limited visitor parking options at the Grafton Campus.

**Weekdays:** a short-term UoA visitor's carpark is located via Park Avenue bookable via SCPS admin staff. This carpark is not guaranteed and is time restricted to two hours only. You will need to register your details to the main reception when you arrive. On this same street, there are also on-street, pay by plate carparks. If you're able to find one along Park Ave, take the rear set of stairs that lead up from carpark to the back of Bldg 503 and go through the set of doors into the building. You will see the blue line on the floor guiding to SCPS.

**Weekends:** UoA Visitor's carpark and rear entrance to Bldg 503 is not accessible. Please take the main entrance. There are on-street, pay by plate carparks available along Park Ave.

**Other options:** Wilson Parking on 21 Park Rd and 117 Grafton Rd and some parking spaces around Auckland Domain across the campus. While there's a carpark at Auckland City Hospital, this is only available to people visiting patients in the hospital.
